

SNP-Natural CALCIUM

Pack size: 60 tablets

Name and address of Principal:

Adventura Investments Limited

18-20 Le Pollet, St Peter-Port, Guernsey GY1 1WH, UK

DESCRIPTION OF PHARMACOLOGICAL ACTION:

An Ayurvedic Proprietary Medicine

SNP-Natural CALCIUM is based on one of the oldest systems of medicine in the world, Ayurveda. This recipe is the transition from ancient Ayurvedic remedies to 'Modern standardized Ayurveda' wherein the traditional remedies are monitored through strict quality controls and the efficacy and safety of the products are proven by clinical trials.

SNP-Natural CALCIUM is a holistic Ayurvedic medicine helpful in calcium deficiency, osteoporosis, as calcium supplement and can be combined with other medicines safely. Muktaashukti pishti is a rich natural source of calcium. Emblica officinalis is source of natural vitamin-c and Glycyrrhiza glabra Combats Digestive Ailments naturally. Among all the health benefits of calcium, the most important ones are that it aids in maintaining bone and dental health, as well as helps in the prevention of colon cancer and the reduction of obesity. We need it from birth all the way until we reach old age. In our infant days, it is required for proper bone and tooth growth; during adolescence, as the bones develop, calcium is again essential to support the growth.

Finally, when we get older, our bones tend to get porous and weak, thereby requiring ample calcium intake.

Indication:

A natural calcium supplement, beneficial in building and maintaining healthy teeth & bones.

DOSAGE

Adults: 1 Tablet 2-3 times a day.

Children under 12 years: 1 Tablets once or twice a day.
